The staff were very friendly and helpful. The staff were very friendly and helpful. Excellent meals! Four hundred and five birds, eight hunters and nine signs, pretty well tells it all! Your custom layout for the blind ensures hiding the ground pit. In 20 years of hunting geese, I've never seen a above-ground layout blind that was so effective. The birds literally landed on top of us! Best of luck , - Gene Combs, Plainfield Best goose hunt in my life! (I have been hunting geese for 45 years) First class operation, first class equipment, first class guide and great accommodation. - Jeff Presby, Richland, WA Mike, big time in the wonderful part of the world. Thanks to you and Justin.- Rob, Roy, Denny Hi Mike/Kris/Justin... The room was quite small and the bathroom was quite small. So, I apologize for not being able to express my gratitude for hunting/accommodations/meals etc. It's always a challenge with larger groups... this time especially with the camera crew. I think everyone will do a great job... the downside was that, I think I gained some weight with all the delicious meals. If you ever need references, you can definitely use me. I hope the season is still productive! Respectfully – Brian Fawcett, Richland, WA I have been lucky in my life. Seeing the oval office in the White House, the Kremlin, Palace and the Great Hall of the People of China all impressive. However, being a prairie and having several thousand geese milling and darting in front of you will be something I will never forget. Mike Franklin and his performance is truly the first rate and shooting 142 geese on the first day shows it. - Chris Runckel, President, Runckel & Associates Website: www.business-in-asia.com thanks for the great trip. Thanks for the great time. - Mark Tognazzini, Modesto, CA Mike's crew puts on first-class action. I have been hunting since i was five years old and have never seen I did up here. For all of you that hunt you know what you think there are a lot of snow geese but but you can see this, you have not seen any. One day I would say that almost 800,000 birds came over our heads. 160 of them fell, and all burned about 4 boxes of ammo. Yes, they are not the greatest chance shooters, we sucked off shooting. But I would say Mike put the birds in our faces. I thoroughly enjoyed my time and can't wait to return to return again.- Tyler Perry, San Jose, CA Mike, Best goose hunting in my life. 81 geese within 2 hours. Five triples and lots of blues. Thank you so much. I plan to bring my two boys so they can see it. Great food and outfitters are very special. Thanks again. - Glenn Kramer, Turlock, CA This trip will be a journey to remember for sure. Mike and his team put on some great hunting these past three days. This is a great experience and I will never forget it.- Brendan Tognazzini Great Hunt, never seen that many birds, ever. Guides are top notch and really know where the birds are. Accommodation and food are first class. There are not too many places where there can be 5000+ birds to crate. Great hunting. I'll definitely be back!!! - Kevin Yuvenal. Garrett Gross, Redding, CA thousands upon thousands of birds. Got into them great and was surprised at how quickly our border stopped us from shooting. Oh, well, more about the next guy. Worked hard fixing the pacifier. Sleep, thinking about sleep We loved it the most: I hope to do it again. - Maurice Cassidy, Portland, or we started looking for an outfitter in 2008 and after seeing Mike and Pacific Wings on TELEVISION decided to give him a call. Mike was very helpful in taking steps for my father, three brothers and I. After booking we asked our other family members to come along and the group expanded to eleven including three cousins, two uncles and a father-in-law. We're hunting Texas and Louisiana, and we've all been with ducks and geese, some forty years. We have carried out thousands of hunts and killed many birds. We were both ready to arrive to Saskatchewan, but we were n't ready for all the birds we saw. The staff were very friendly and helpful. Dave and Sue are gracious hosts and wonderful cooks. Our first morning was an action packed event, most of the hunting party had never seen that many spots in one place and only the old timers in our group had ever been hunting where 33 were taken. They along with a mixed bag of mallards and snow gave us 94 birds. We hunted that night and took 17 mothers and another 16 geese. Order to lay out blind is amazing. It is difficult to hide 13 people from cautious birds, but spots of snow and ducks never saw us. The evening hunt was custom sets over beautiful spreads. We helped put out the pacifier again the second day, and this time put out custom white chairs, they are almost too comfortable to hunt, with a nap threatening hunting. We made almost one thousand pacifier and our surprise was a world class duck shoot. Ducks and unso welled all morning , and we groups of huge ducks in close range. We finished the morning with 57 ducks and a pile of bacon and mallards that evening. The third day was back in the custom cabin, or lay out. Set up for us mike's help, it was a well hidden snow goose area. We started early and the geese just kept funneling down. We had a group of 100 or more at 20 feet four times with a lot more to come. We all shot and had a great time. My uncle almost caught by the hands of those unloaded on the blind, yes they were so close. We were 125 and had the best snow hunt of our lives. Overall, this trip was one filled with memories, all accented by Mike and his staff. We will all talk for many years about the things we have seen and the more than 400 birds that we took in three days. You have to do this before you die! Chad Briggs, Houston, TX Great hunt with Mike and crew. We hunted for 3 days and were able to pick up a total of 401 birds. Memorable hunt for 11 family members. Ducks and geese like I've never seen before! Mike's custom blinds were incredible. The accommodations are first class and the food was fantastic. - Johnny Briggs, Orange, TX This is truly a Canadian hunt at its finest! Mike and his guides were great to hunt with. Blinds and birds were top notch! Do you like this accommodation, but still a little bit to send I always remember hunting with my father, 4 brothers, father-in-law, 2 uncles and 3 cousins. As soon as my son gets older, I will be on my way back to share this experience with him. - Jonas Briggs, Bridge City, TX I can't say more that folks who have written before me, however, I echo it in the comments. Great hunting, great food, great guides and great company. Great trip! - Jonas Briggs, Bridge City, TX With this is my third trip to Canada, I can truly say it will be one of the most memorable ones. I have two sons and one nephew who accompanied me on this trip. Everyone had a hunting experience during his life. Hopefully this won't be our last. I have a younger son who was unable to make the trip because of school. I'm sure when he hears about our success he wants to come back. It is a true blessing to share this time with the family. Mike, thank you for all of us. Hunting with the family makes the tradition of hunting by our father and grandfather very special. Thanks again for the hospitality, great food and scholarship. (400 birds +) – Pat Briggs, Beaumont, TX I've never been to Canada and I can say I'll come back in a second. It's one of the best hunting trips I've ever had and have been hunting all my life. Great food, great blinds, awesome hunting and lots of birds (401)!- Jared Briggs, Baton Rouge, L.A. What a great rest with Mike and the crew. We had 3 wonderful hunting days with a total of 280 birds. The staff were very friendly and helpful. Mike's family joined us, wonderful grandkidi. We also came as a family and future family, my son, future son and his father. We had to Fun and shot a lot of birds! We will have great memories of our time together. The next trip will wait for my other son to join us. Looking forward to many more trips than family together. We'll be back!- Brian and Brandon Olson, Maryville, WA There are four things in my book that make a great hunt. One, the birds will. Two would be equipment. Three, one of a kind of blinds. Finally, an awesome pacifier that get your face birds. The accommodations offered by Pacific Wings are excellent. The food is home cooked and the generosity of the Pacific Wings crew is incredible, it makes you feel like you're right at home. I have returned to Pacific Wings in Saskatchewan three times and are looking forward to my fourth trip next year. If you are looking for a top quality and professionally guided goose hunting trip, look no further, then Pacific Wings, this is it. I thank Pacific Wings for outstanding hunting and experience! - Russ Vail, Portland, or I want to say it was about this time in 2008 when my son-in-law asked me if I'd like to go on a hunting trip in Canada for goose and duck. This was one of those moments when you know that God's blessings are truly moving in your life. A journey like this is when memories are born that most hunters only dream of. Most of my younger years until about 34, I always hunted. When I was about 21 my mom died and our family traditions as hunters that my dad had taught me seemed to begin slipping away. When my daughter Rachel met Jonathan Briggs and got married, I began to see that his family had also been brought up with a hunting spirit tradition. The more I begin to know my whole family, the more I realized how truly blessed this family has been all my life. I feel like they have accepted me, and the spirit of hunting that my father gave birth to is revived again. This hunting trip has been one of the greatest trips I've ever had. But even greater has been the fellowship with the Briggs family, all of which have been a blessing in my family's life. I must say the birds we killed were a big highlight of the trip, buy on the first hunt, when Chad asked for the prayer that he was, I truly realized what the most important traditions of the hat have passed on to this family through their grandfather and dad. These are such memories that I know will be passed on to our sons and daughters, which I always treasure until the day I die. We completed the last day with the best hunt of all, 125 geese. But when they asked me to ask for a prayer to complete the last hunt, I truly say I feel like I am part of the tradition that is so cherished in their family. I look forward to much more hunting with this family, and put this hunting spirit on to our grandchildren and all the memories that go with them. - Dirk Flowers, Bridge City, TX This hunting trip was awesome! For my second time to Canada and the first time to it was a great success. Hunting with my family, all eleven of us, was a murderer. I've never seen snow geese pacifier like that. They looked like teal coming sometimes. Shooting 401 birds in 5 hunts is something I always remember. Dave and Sue did a great job with food and accommodations and Mike and his guides did a great job as well. Great hunting, great food and great memories. I'll definitely be back. - Tyler Briggs, Beaumont, TX Excellent hunting trip! Guides to blinds, pacifiers and calling the best I've experienced in my life! Dave and Sue's cooking and house was the best. Hunted for 3 days - too short. Our party shot over 280 birds. My son and I will never forget this trip! A journey for life. Loved to be with Mike's grandkids and daughter. What a great family. The room was quite small and the bathroom was quite small. I hope there will be some openings! Guides are first class, fun to be with and they can call ducks and geese. - Steve Klein, Everett, WA Mike, It's been almost a year since we were up at goose camp. I'm sorry that I took so long to tell you how much hunting experience it was. The first thing was the accommodations. The staff were very friendly and helpful. Are you not able to do so. Goose hunting was what I was told it would be, but not in my wildest dreams did I hope it really is so awesome. I don't think there were that many geese in the world! It was just cool to just watch you guys call that many birds. Then on top of this hunt at mallard was as good as goose hunting. Your guides are simply the best !!!!!!! I will be on elk hunting this year during your hunt, but want to book in 2010. Call me when you're time. - Denny Kidder
